COINING MONEY

There is only one kind of coining,
outside of the government mint, that
the government does not object to—
coining your TIME into money.
How large a denomination can you
stamp on a day of your time, and get
someone to take it at face value?
A day's time—make it worth the
large bill—trained ability will do it.
It costs but a moment's time to send
a postal or reach for the phone—we do
the rest.

SWORDFISH HAVE GONE
TO THE EASTWARD
Big Fellows Disappear from Block Is-
land Waters Earlier Than Usual.

The swordfish have gone east for a
season. The mysterious fish, which
makes its appearance in June off Mon-
tauk Point and disappears midway
along the Maine coast, without reap-
pearing until the summer of 1914, has
been sighted in the waters of the
whole world, has departed. According
to the swordfishermen, who got a
"poor crack" at the fish this year,
the swordfish have been scarce this year
swifter than usual.

For several days off New Bedford
the swordfishermen have been catch-
ing big fares. Just south of St. Mary's
Land last week, one smack took 33.
The largest trip for a local boat was
made by Capt. Aaron Ostrander in
the Gracie Phillips of Noank, and this
was a catch of 23. There were fewer
fish around Block Island than usual,
but farther to the eastward the fish
were more plentiful than in former
years.

Many of the fishermen owing to the
scarcity of swordfish and the big sup-
ply of mackerel last year changed their
gear and did not change back
again this year. For this reason there
have been fewer boats out of Newport,
New Bedford and Boston, hunting
swordfish.

Up to the present time most of the
swordfish have gone into the big mar-
kets, where they bring fair prices.

number of the dancers went

BLUES WON TACTICAL
VICTORY OVER REDS
Connecticut National Guard New
Ready to Break Camp at Niantic.

Wearied from marching and a
"fierce" battle Friday in which the
Blues won a tactical victory over the
Reds, Connecticut militia returned to
Niantic in the evening. The Blues
were sought early. During the pre-
liminary skirmishes to the battle, the
men were drenched to the skin in the
rain.

The officers were much pleased with
the day's work, all the companies
acquiring themselves admirably.
Camp was broken down in the evening
and the men will entrain shortly after
noon.

THE
EMBARRASSMENT
OF
IGNORANCE

A group of women were sit-
ting on a hotel porch discussing
cameleons.

"I have one of chiffon-cloth,"
said one woman.

"Mine is so much daintier, I think
it is so much daintier," said an-
other.

"Mine has the cuttest little
rosebuds on it," said a third.
And so the stream of comments
ran on.

Finally a new voice joined in
with the question, "What are
you all talking about? What is
a cameleon?"

Every face was turned toward
the questioner. The gentle
stream changed to a torrent of
inquiries.

"Don't you know? Where
have you been? Where are your
eyes? Haven't you read the
papers?"

There is nothing so em-
barrassing to a woman as find-
ing herself ignorant of some new
thing that her friends are not
only discussing but wearing. It
only shows that she is out of
touch with the world and the
fashions of the day.

Songs and Photoplays.

At the Davis theater on Friday the
big feature picture of the season was
shown. The picture was "The Battle of
Gettysburg" Fifty years after that epochal
event in the history of this nation the
awful intensity of the struggle was
re-created in a most convincing manner.

The present day generation by the five-reel
film which has been worked out with
such completeness as to show each im-
portant event of the battle. The picture
is a masterpiece of the art of the
day's struggle. As the climax to the
picture, as it was to the battle, came
Pickett's charge, when the troops are
seen sweeping over Cemetery Ridge af-
ter the terrific cannonade. The Davis
had houses that came near to capacity
for all performances, and the indica-
tion was that the business would
continue through today to see this
striking big feature. In connection with
the picture, a series of photoplays were
shown that were appropriate, and Glenn Phil-
lips made the incidental music recall
the old war melodies.
